Ash: Louis  
Beech: Elsa  
Cedar: Toby  
Oak: Jaret

## Golden Leaves

Ash: Kate  
Beech: Belle & Bethany  
Cedar: Amelie  
Oak: Charlie

## Message from Sarah Price

We hope you all had a lovely half term and enjoyed the Jubilee Celebrations with your families. Thank you to all those who donated towards the cake sale. A phenomenal £200 was raised for the Sarcoma UK charity.

We have lots going on this half term so please check the school calendar on our website which

can be found [here](#).

Next Friday is Rainbow Day which leads nicely into School's Diversity Week (June 20-24). On this day, the children will be learning about what makes us different, what they are proud of about themselves, inclusion acceptance and diversity. Children will also be learning age appropriate content about Pride Month and what each of the colours in the flag represent. In school, they will be making a rainbow flag which can be put up at home to show your support for School's Diversity Week. After school, some parents have arranged a Pride walk and picnic at the Play park. So please feel free to join them and wave those flags.

Lastly, thank you for all the tombola donations, what an amazing group of parent/carers you are. The PTFA School Fete looks set to be fantastic event!

## Willow Class (Pre-school)

Hello everyone and welcome back to Willow class. We have (literally) hit the ground running and are starting each day with a movement session to help get us in the mood for play and learning. This might be tumbling, jumping, or going for a fast run. So far, it's working a treat and we are ready for the day. Look out for Tapestry postings for all of this terms plans and activities.

## Oak Class (Reception and Year 1)

This week in Oak class, we have been looking at poetry. Reception have been learning 'Down at the Station' and Year 1's have been learning 'The Train Ride'. We have also been focusing on our letter formation. In maths, we have been doubling (Reception) and adding using number bonds to 10 (Year 1). In our topic, we are looking at trains, and Brunel, we have discussed what train journeys we have been on and looked at who Brunel is.

## Cedar Class (Years 1 and 2)

This week has been another busy week to kick start the last half term. We have been learning a poem about trains and we finished the week by learning and performing it to the class. In maths, we have been focusing on adding. The year twos have even starting to use column addition. To finish the week, we have planted some of the plants that

we have grown from seed. Fingers crossed we get lots of produce to harvest. Over the week, year 1 have been working hard completing their phonics screening test! We are so proud of all the hard work they have put in and they all gave it their best.

## Beech Class (Years 3 and 4)

Beech Class have thrown themselves into their new English unit, which is all about myths. We've shared lots of myths from different cultures around the world and have learnt and remembered

The Hunters and the Great Snake - creating some freeze frames to tell the story too. Over the next few weeks, we'll be looking at the structure and story-telling style of myths before we write our own. In maths, we've revisited geometry and investigated angles in great depth - we even borrowed the protractors from Ash class! We began this term's RE unit by thinking about the things that are wrong with our world at the moment and discussing the small changes we can make to do our bit.

## Ash Class (Years 5 and 6)

This week, Ash class have hit the ground running this half term by starting their new book 'The Wolves of Cur-rumpaw' which is set in New Mexico, USA. This links brilliantly with our geography and history topics which are both about North America and the history of Native Americans. In maths, the children have been working on more real-life maths problems by looking at the maths surrounding going on holiday - including temperatures and booking flights. We have also started to rehearse our end of year production.
