

Sampford Peverell C of E Primary School
Sports Premium Funding 2018/2019

What is Sports Premium?

The government announced funding to support the delivery of PE and School Sport. Through the previous success of the School Sports Partnership Programme and a commitment to ensure continued high standards of delivery in PE and School Sport, there is a desire to continue to provide a coordinated level of support to enhance the delivery of PE and School Sport.

The government funding is ring fenced only to be spent on sport. The outcome is to improve teaching and learning. Ofsted has strengthened its coverage of sport within the Inspector's Handbook and supporting guidance, so that schools and inspectors are clear about how sport will be assessed in future as part of the overall provision offered by the school. The revised handbook will ask inspectors to consider: **"How well the school uses its Sports Premium to improve the quality and breadth of its PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of."**

Specifically the Ofsted guidance for Inspectors states:

Inspectors should consider the impact of the new primary school sport funding on pupils' lifestyles and physical well-being by taking account of the following factors:

- The increase in participation rates in activities such as games, dance, gymnastics, swimming and athletics.
- The increase and success in competitive school sports.
- How much more inclusive the physical education curriculum has become.
- The growth in the range of provisional and alternative sporting activities.
- The improvement in partnership work on physical education with other schools and other local partners.
- Links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills.
- The greater awareness amongst pupils about the dangers of obesity, smoking and other such activities that undermine pupils' health.

How much is the funding?

For Sampford Peverell this is £16,640 for the academic year 2018 - 2019.

We have carried forward from the Sports Premium funding from the academic year 2017- 2018 £8,000. Therefore the total spenditure for 2018 – 2019 is £24, 640.

How is it spent?

The aim of the funding is to improve the quality and breadth of our PE and sporting provision and to meet this criteria we have identified a number of key priorities which include; investing in continual professional development for our staff, increasing the sporting opportunities available to pupils both inside and outside school, working in partnership with other schools to share expertise and resources and offering new and varied sporting opportunities for our pupils.

How will we know it's working?

Through termly audits of the action plan to assess the quality of provision and opportunity.

Sampford Peverell C of E Primary School

Objective 1: To use expert support and raise the profile of PE to improve provision in school.			
Action	Cost	Staff members	Success Criteria
