

The project this week aims to provide opportunities for your child to learn more about transport. Learning may focus on modes of transport, transport in the past, the science behind transport, road safety and how to be safe around water.

Transport Through Time!

Support your child to create a timeline of transport from the past to the present. Find a selection of photographs and place them in the correct order. Take a look at these online resources from the transport museum to help you.

https://www.transport-museum.com/learning/learning_from_home.aspx

Create a booklet about different forms of transport. Find out about the first aeroplanes. Who was the first person to fly in one? Who invented the first train? Look at pictures of the penny-farthing. Why do you think we don't ride them today? What makes racing bikes different from mountain bikes?

Moving Models

With your child find some junk modelling around the house and support them make a model car that moves or use Lego. Test it out in the garden or during your daily walk. Does the car move faster or slower on a ramp? Why/why not?

Float your Boat!

Using a variety of materials, work with your child to make boats out of junk e.g. wood, plastic, paper, polystyrene etc. Make a prediction about whether or not they will float and then test them to see which floats the longest. Can your child summarise why this boat floated for the longest?

Transport Across Europe

Show your child a map of Europe (You can use Google Maps if you don't have a paper one available). Research the different means of transport in France, Mexico and India. Compare them to see which means of transport we have in common. Why are some modes of transport more popular in some countries? Create an information report on one chosen mode of transport. Include the appearance, age and what it's commonly used for.

Brilliant Boats

Use tinfoil to create a simple boat design. Try testing it by seeing how many coins it will hold. What shape makes the best boat? Don't forget to recycle the tinfoil after using it!

RE:

Watch Robin's assembly with the link below.

PE:

- Instead of setting a specific PE task this week, please follow the link attached:

<https://www.getset4pe.co.uk/ResourceBank/ResourceCategory/1002>

Get Set 4 PE is a fab company that, thanks to our school subscription, has provided a huge number of activities that can be done at home and match the skills we teach in school. Please pick one or two and have a go this week!

- Please see the links below for further PE inspiration and teaching ideas.

- Saskia's Dance School - <https://www.youtube.com/user/saskiasdansschool/videos?app=desktop>

- Kids Bop Dance Break - <https://www.youtube.com/channel/UCqscMO1YfPB3-7dZZSxKPrQ>

- Cosmic Yoga - <https://www.youtube.com/user/CosmicKidsYoga>

- Yoga - https://www.youtube.com/watch?v=4ZpkRAcgws4&feature=emb_title

Also, there will be a number of activity and play resources, ideas, daily challenges promoted via the East Devon School Games Twitter Account: @EDSchoolGa1
