Stars of the week

Ash: Skyler
Beech: Flora
Cedar: Isla K
Oak: George P

Golden Leaves

Ash: Mason
Beech: Harrison
Cedar: Charlie
Oak: Isla

Message from Sarah Price

What a term of fun filled learning opportunities! I can't believe that we are at the end of the Spring Term all ready. Time really does fly when you are enjoying yourself.

I would like to thank the PTFA for all they do for the school. Today, they arranged an Easter egg hunt for all the children and presented each class with new wet play games. We really are lucky to have such supportive parents and carers. Thank you!

I would also like to say how proud I am of the children who have baked bread and created crafts to sell to raise money for various charities. Giving their time to help support others is such a kind and wonderful thing to do. Well done to all of you.

As was previously communicated, we say goodbye to Mr Curnow today. He will still be attending the London residential and has said that he will support with future events, if available. I know you will join me in thanking him for all his has done for the school over the years and wish him well in his retirement.

Have a fantastic Easter and we will see you on Tuesday 22nd April.

Willow Class (Pre-school)

Hello everyone. Willow have had a fantastic view weeks exploring the resources in the centre and consolidating and extending their learning. We have made the most of the wonderful sunshine and have spent a lot of time outside building dens and playing make believe. This week we have enjoyed lots of Easter themed activities and want to thank the PTFA for organising Easter eggs for us. We will enjoy eating these over the holidays.

We wish you all a very happy Easter holiday and will see you when we return.

Oak Class (Reception)

What a fantastic Spring Term we have had in Oak Class! Last week we had a wonderful trip to Fleet Air Museum and came back into school enthused with knowledge of aircrafts from the past. We have finished off our learning this half term by discovering Spring and Easter. This week we have been busy baking chocolate nest cakes and creating Easter cards. We have enjoyed lots of Springtime crafts such as making bonnets and creating nests for chicks in our small world area. In Maths, we have enjoyed exploring 3D shapes and finding them in our learning areas. We hope you have a lovely and restful Easter together.

Cedar Class (Year 1 and 2)

Our finale to the Spring term in Cedar Class has certainly been busy! The children thoroughly enjoyed our trip to the Fleet Air Arm Museum and it was quite an adventure travelling a little further afield and experiencing such an incredible place! We have also paid another trip to the four number operations in maths in order to consolidate our understanding ready for further explorations next term. In History, the children have compared the reigns of Queen Elizabeth I and Queen Elizabeth II with a link to DT by designing and making a royal carriage! This week has ended with yet more creativity in the baking of Hot Cross bun biscuits and the making of our Easter cards!

Beech Class (Years 3 and 4)

Beech Class have had yet another jam-packed final week at school with sporting events, design and technology projects and cooking activities. The children thoroughly enjoyed taking part at Uffculme School's Quad

Kids athletics events and showed huge amounts of resilience and determination. Within design and technology, the children had a blast designing and creating their very own educational volcanic toys with working electrical circuits! Have a wonderful break and we very much look forward to seeing you for the Summer Term.

Ash Class (Years 5 and 6)

In the final week of term, Ash have been busy completing their units of work. We have been busy baking a range of Hot Cross Buns with the children altering a standard recipe to change the flavours. They followed the instructions, weighed out the ingredients and completed the process independently in small groups - with great success! They also completed their 'The Last Wild' inspired pieces of writing - looking at how to describe settings and emotions by using the 'show - don't tell' technique. In maths, the children looked at the links between fractions, decimals and percentages. The children also completed their amazing art work with Mrs Dave and created some pieces to depict the Stations of the Cross which some children presented at church during the Easter Service; the church were so impressed by the quality of the artwork, that they asked for copies to be displayed in the Church over the Easter period! We also had the final Exmoor Challenge practice walk where the children walked the reverse route - 16 miles is no easy feat! Ash Class would like to wish you all a happy Easter and we look forward to welcoming you all back after the break.
