Drake: Elsie
Lewis: Dylan
Seacole: Ruby
Darwin: Jack

Learning Powers - Golden Leaves

Drake: Noah
Lewis: Harrison
Seacole: James F
Darwin: Millie

Drake: Caitlin
Lewis: Khiana
Seacole: Drew
Darwin: Sophie

Message from Sarah Price

It has been another busy week and I have enjoyed watching the children so engaged with their learning.
I was very proud of the children who represented the school in the basketball tournament this week. They showed great sportsmanship and team work and should feel very proud of the way they represented the school.

they represented the school.

The weather is very changeable at the moment so please can you ensure that your child has a coat in school.

As you know, there was a technical difficulty in the kitchen today. However we will be back to serving hot food on Monday.

Reception: Darwin have been going crazy for Jack in the Beanstalk after a huge beanstalk and the Giant appeared in our classroom. We've enjoyed reading and acting out the story, as you can see!

Years 1 and 2:

This week in Seacole Class, we have been learning about non-fiction texts. What features they have, how they are different to fiction and we have practiced writing in the same style. Also this week, we have been linking RE with art by drawing a part of the creation story.

Years 3 and 4:

As part of our theme learning, Lewis Class went on an electricity hunt around the school to see what electrical appliances they could find! Ask your child to see what electrical items they can find at home.

Years 5 and 6:

In Drake class we have begun our Geography topic on Physical Geography. We have been improving our atlas skills by: using grid references to locate places in different climates zones; identifying mountain ranges in Europe; and looking at features of rivers.

Homework: We have been looking at the way we do homework as we want to ensure that it helps to develop a child's love for learning and doesn't become a battle to complete each week. Until this is finalised please read with your child and talk to them about the learning they are doing in school.

Bikeability: Well done to those who took part in bikeability this week!
