Beech: Reuben
Cedar: Jemima
Oak: Otto
Willow: Toby B

Message from Sarah Price

As we approach the end of term, I would like to take this opportunity to thank all our children and staff for their incredible dedication and hard work throughout the year. Your commitment has made this a truly successful and memorable year. A heartfelt thank you also goes to our parents and carers for their continued support—it is greatly appreciated. I wish everyone a restful and enjoyable break, and we look forward to welcoming you back on Thursday 4th September. A special farewell goes to our wonderful Year 6 pupils, who are moving on to new adventures. We are proud of all you have achieved and know you are ready for the next stage in your learning journey. Finally, a huge well done to all the children involved in last Friday's KS2 production of *Robin Hood and the Sherwood Hoodies*—you performed fantastically and put on a truly brilliant show!

Willow Class (Pre-school)

Hello everyone. It has been a wonderful end to our 'Come Outside' topic, this week. We have enjoyed creating vehicles that help us to travel with large bricks; making passports and maps and finding out about journeys and trips from books and stories. As we come to the end of the year we want

to thank you for your continued support, especially with all the Tapestry posts. They provide a rich backdrop to support communication and language for the children. Have a wonderful summer.

Oak Class (Reception)

Here we are in our last full week of the school year and it has been another busy one! We said goodbye for now to Mrs Goodchild last Friday and Oak class have done so well to manage the change. This week we have been reading 'The Way Back Home' as our class story in which a boy flies an aeroplane to space and ends up crashing on the moon! In maths, we have been learning about mapping and the children drew their own maps showing their journey to school. In RE, we learnt about why the Qur'an is important to Muslims and the special things they do to look after it. As we begin to think about our next adventures in Cedar Class in September, we have enjoyed creating 'All about me' bunting with facts about our favourite things.

Cedar Class (Year 1 and 2)

Cedar are busy wrapping up their learning for this academic year. In maths, we've been looking at capacity measuring millilitres and litres with lots of practical experience using different containers. This week we've written our final story in English, making sure we use all our senses to describe our character's journey. During history, we discussed how important the early aeroplanes of the Wright Brothers and flights of individuals like Charles Lindbergh were in shaping our world today. As a class, we shared locations we've flown to and where we have family across the world and realised these journeys would have been much harder without planes. Next week, we're looking forward to our DT project and programming our own quizzes in amongst some end of year fun before a well-deserved summer holiday.

Beech Class (Years 3 and 4)

Beech Class have had an incredibly busy and exciting two weeks at school! In English, the children have been diving into the magical world of Narnia, planning and beginning to write their own imaginative,

themed stories. Over in maths, they've been exploring statistics—getting to grips with pictograms, bar charts, and line graphs with great enthusiasm. A real highlight has been their fantastic involvement in the Robin Hood production. From rehearsals to the final performance, the children showed resilience, pride, and courage, delivering powerful vocals that truly brought the show to life. Well done, Beech Class—we're so proud of you!

Ash Class (Years 5 and 6)

What an amazing production KS2 put on! Last week, we knew we were ready to deliver a great show - and deliver it we DID! Many thanks to all the adults who helped prepare costumes and helped learn lines and to the staff who gave up their time to help behind the scenes. The children showed great courage to stand in front of a full village hall and it was amazing to see. In class, we have been using the Women's Euros to inspire our learning with the children picking out a team to focus their learning on. We have then investigated their budgets for flights, hotels and things to do in the countries they have chosen as well as finding out and writing about other aspects such as food. This week has been about bringing all of our topics to a close. In art, the children have been completing their artist study - creating pieces of work inspired by famous pieces of art.
